**trasformatori**

## Single-phase and three-phase AC/DC levelled power supply units

**Single-phase series power:** 30 ÷ 3500 VA

**Three-phase series power:** 500 ÷ 10000 VA

**Input voltage:** 200 ÷ 1000 VAC

**Output voltage:** 6 ÷ 100 VCC

Rectified and regulated AC/DC power supplies for loads that require a power input that is continuous and regulated but not stabilised.
